2014

SOFT SKILLS

✓ Good English and French understanding

✓ Passionate developer

✓ Clean code, well commented

✓ Fast learner, self taught programmer

✓ I like to make things simple and

" My code is art "

- Hari

BIOGRAPHY

Programming captivates me from a very young age. I introduced myself into C language at Highschool where made some games. After achieving 4 years of informatics technlology at **ISPM** (Institut Supérieur Polytechnique de Madagascar), I dropped from there and as a **self taught**, I worked in some freelancing projects. After that I had some experience to start working, powered by this burning passion of learning new techs.

PROFESSIONAL EXPERIENCE

Freelance

2017

Freelance developer
As a freelance developer, I learned a lot of new things during these years.

MyAgency

March 2021 – November 2021

Front end React/VueJS
Starting the real developer career from there, I familiarised myself with new techs and programming principles.

Wazo S.A Luxembourg

September 2021 – October 2021

Front End React/Typescript/Redux
Freelancing at full remote. Part time within a team of 5 mates, I helped building the VipOptic e-commerce project.

SKILLS

- HTML
- CSS
- SASS
- JS (Vanilla)

- React
- NextJS
- Redux
- VueJS
- Typescript
